Nice day for a Red Wedding

A blow-by-blow account of the show's seminal scene by
Stuart Heritage who, weirdly, was there and survived the massacre

15:00 Walder Frey walks his daughter up the candlelit aisle. She's nervous, and asks her husband-to-be if she disappoints him. He calls her a "delight". By the time the officiant has said the time-honoured words "You may now cloak the bride", there's barely a dry eye in the house. Magical.

17:00 The wedding is over, and the celebrations can begin in earnest. Tables overflow with food, and a band play raucously as two families come together in happiness. There is laughter and dancing and merriment as far as the eye can see.

17:03 Walder Frey is now making a speech to the assembled masses, explaining that Edmure and Roslin are not man and wife until their marriage has been consummated. "A sword needs a sheath and a wedding needs a bedding," he says as the attendees bang their drinks on the table and the happy couple are dragged off for intercourse. Truly, a touching moment that none of us will ever forget.

17:05 The doors to the great hall have now been locked, presumably to keep the warm in. The band are also playing a new tune, one slower and more sinister. It isn't

really the sort of thing you'd expect at a wedding. I've just been sick down myself like hey, let's go. It's a bit of a mess.

17:06 Walder Frey is now making yet another speech. "I feel I've been remiss in my duties," he says. "I've given you meat, wine, music but I haven't shown you the hospitality you deserve." This is exciting. What could he be talking about? Cake? A photo booth? One of those inflatable sumo sets? I love those.

17:07 Jesus Christ! This guy just came out of nowhere and stabbed Talisa right in her pregnant belly. He isn't stopping! Why isn't he stopping? He's just stabbing her and stabbing her, and she's screaming, and nobody's doing anything! What the hell is going on?

17:08 The band have got crossbows, and they're shooting into the crowd. Robb's been hit but he hasn't died. Some other guy took an arrow right in the throat, though! Still, at least Talisa isn't dead. Her wounds look severe, but hopefully they're not fatal.

17:09 No, scrap that, it's definitely fatal. There's blood everywhere! And you should hear the noise of all those knives

going. I've just been sick down myself like hey, let's go. It's a bit of a mess. This is too much. I need to get out.

17:10 Nope, shouldn't have done that. As soon as I came outside, a bunch of Stark soldiers all got stabbed in the face and neck and now they're all dead as well. I think I just saw a wolf being murdered too, and to be honest that one's going to stick with me. Back indoors. It must be over now.

17:11 The good news is that the violence seems to be finished. The bad news is that this is because Robb's mother has grabbed Frey's wife and is holding a knife to her throat. It's not ideal by any means, but this is the closest thing to diplomacy that we'll probably get to be honest. Maybe there's still a way out of ...

17:12 OH, JESUS CHRIST! In the space of about 10 seconds, Robb Stark got murdered, then his mum slit Frey's wife's throat, and now someone's slit her throat. There's blood EVERYWHERE! I will never emotionally recover from this. This is the most horrific thing I have ever seen in my entire goddamned life. It's probably the third-worst wedding I've ever been to.
