Lil Uzi Vert: “Eternal Atake”

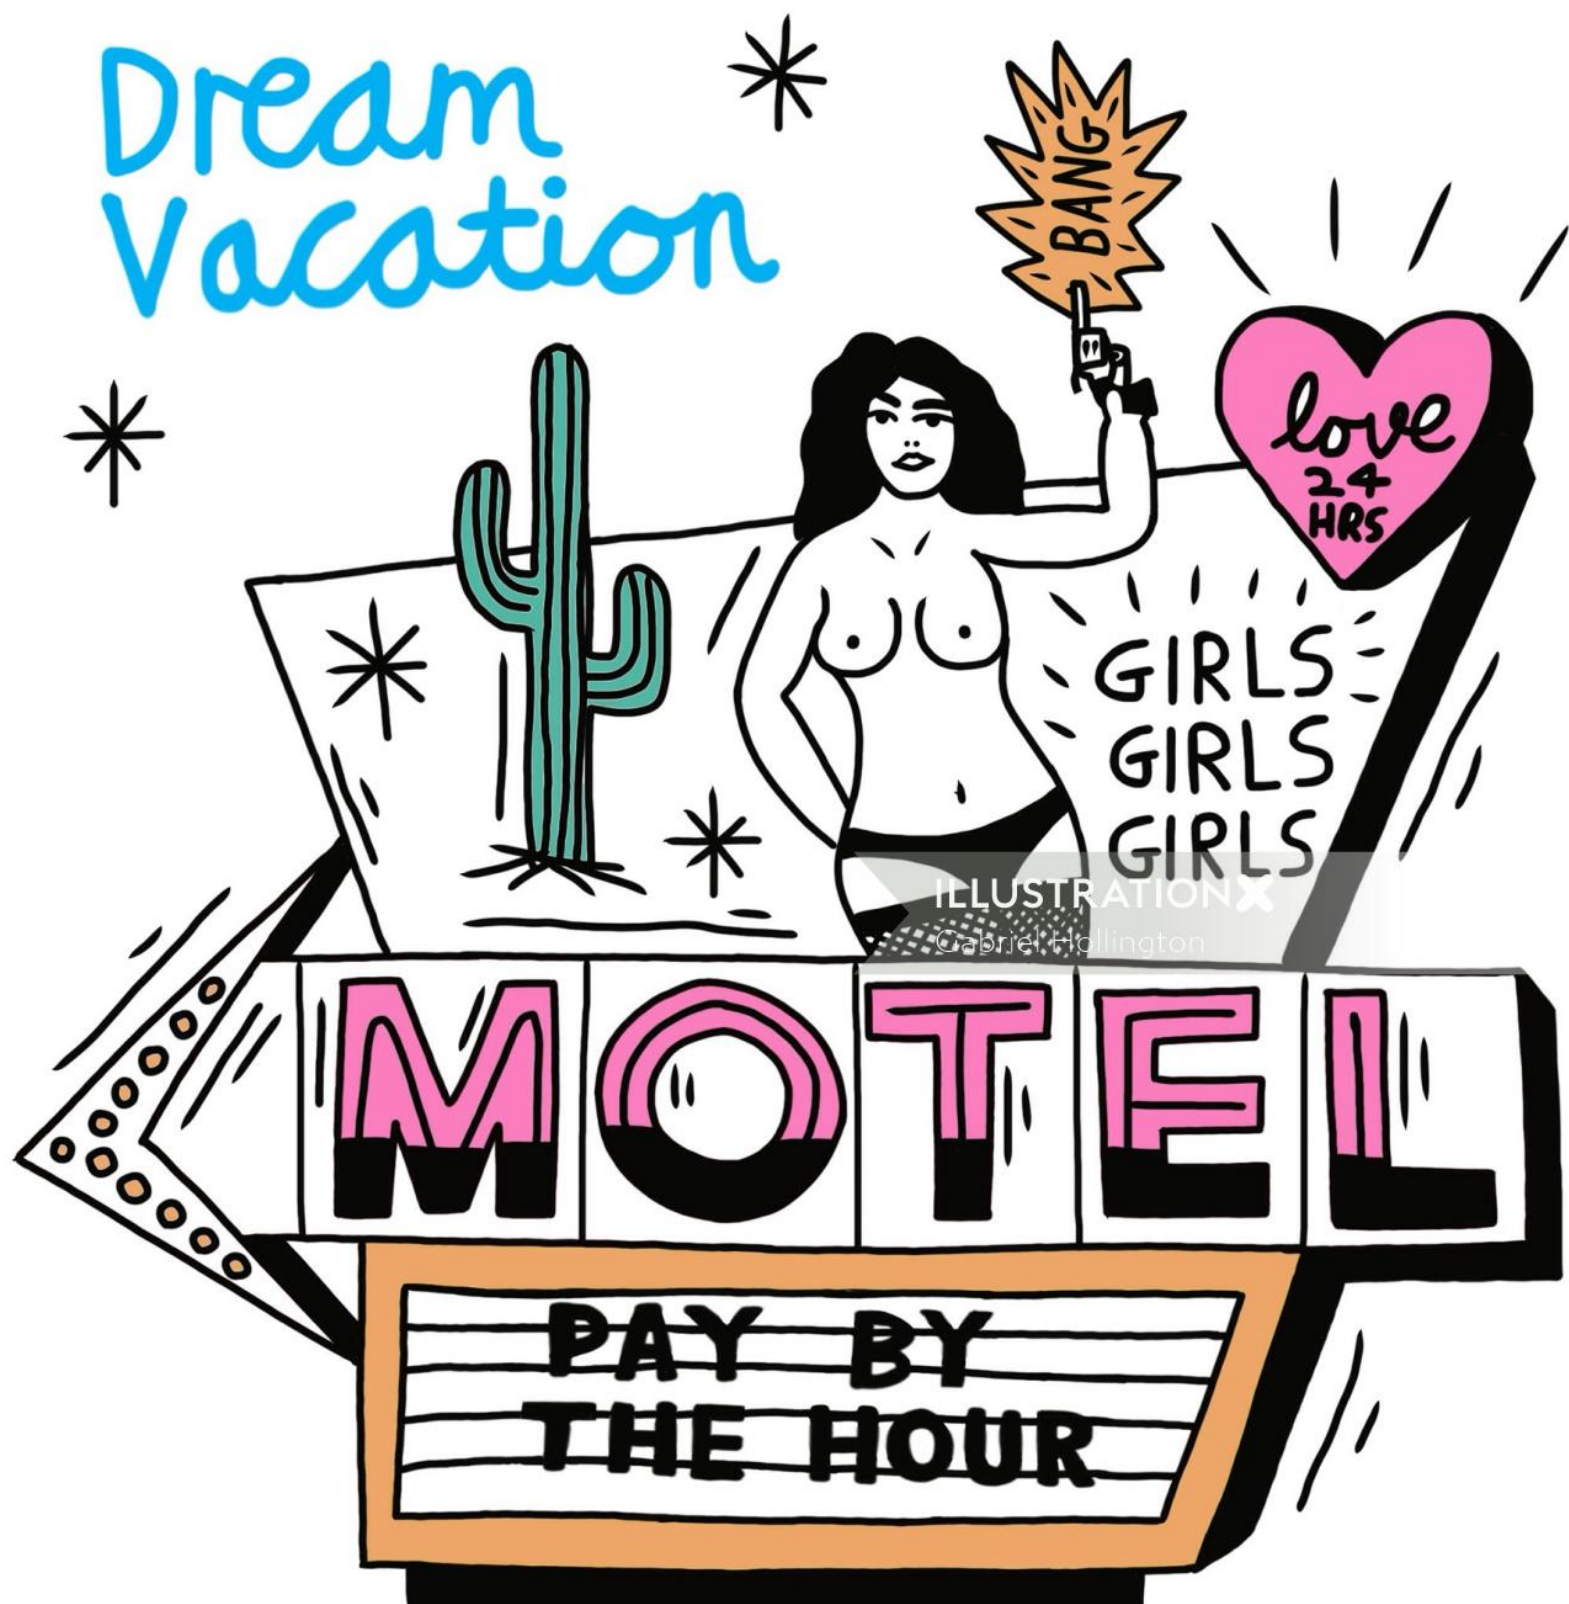

Illustration by Gabriel Hollington

Lil Uzi Vert’s otherworldly new album, “Eternal Atake,” (and its deluxe version, “LUV vs. the World 2”) crash-landed onto Earth, much to the delight of anxious fans, and immediately sucked up all the oxygen. The breathlessness of its reception—almost as ebullient as Uzi’s raps themselves—captures the energy of a moment that people had begun to believe would never come. Label
