PLANT YOUR OWN DROUGHT-RESISTANT GARDEN WITH THIS
CLEVER BETH CHATTO-INSPIRED READY-MADE BORDER

39 plants for £297.61*
Our ready-made Dry Mediterranean Border can be made into a gravel garden (just finish with a mulch of gravel). Silver-leaved architectural plants and wispy evergreen grasses are contrasted with bold blue agapanthus, yellow marguerites and red-hot poker to give structure and colour all year round. The design is for a 3.5m x 1.75m plot, but you can buy all of the plants separately, so you can adapt it to suit your space. There are also plenty of other ready-made borders to choose from at waitrosegarden.com, for every style of garden and type of soil.

A little
after-care

Keep your border looking good by pulling out weeds while they're young, and don't let invasive plants spread too freely. If you're adding annuals to the mix, let them self seed but remove the seed heads from inferior plants, or pull them up. And remember to protect your head from the sun while weeding!
