All these trees are one being,  
called by one name:  
*Pando.*  
This old tree's name means *I spread*  
in the old language of Latin.  
And spread Pando has.

All the trees in Pando look similar, change  
colors at the same time in the fall, and taste  
the same to animals.

Pando began life as a **seed**.  
He was  
smaller than you  
smaller than a mouse  
smaller even than an acorn or a pea.  
He was a seed no larger than  
a single speck of pepper.

Aspens can be male or female. Pando is a male  
and is often called "he."
